

Interesting positions.  
Immediate responsibility.  
Meaningful work.

## Claims Training Internship

Have an investigative nature? Like to understand all the details and contributing factors before you make decisions? Like helping people resolve questions? Claims might just be right for you. As an Intern in our Claims department you will:

- Participate in real work every day, whether doing analytical work or dealing directly with customers, claimants or legal and medical professionals to help gather the critical information necessary for the resolution of a claim;
- Work on specific projects where they have defined tasks and learn from each one;
- Build business and professional skills that will prepare them for leadership positions; and
- Gather experience that could convert to a full-time position upon graduation.

Interns also complement hands-on experience with training in the essentials of a successful professional life including networking skills, business etiquette, and project management. Rising seniors close the summer at the Senior Forum - a three-day conference including Liberty Mutual senior executives and an inside look at the intricacies of the company structure, strategy, and vision.

### Qualifications:

- Effective interpersonal, written and verbal communication skills
- Ability to provide information in a clear, concise manner
- Ability to build and maintain effective relationships
- Effective analytical skills to gather information, analyze facts, and draw conclusions
- Minimum 3.0 GPA, all majors

**Positions is located in: Kansas City, MO.**
